FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through the Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog*. INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

A. Pokorny Esq. Sir,

Asa, freedman, worked for James Leonard of Talbot Co. Geo. for a part of the crop during 1867, but Leonard has thus far refused to divide the crop with him or come to a settlement. Since the freedman was in the Office (April 4th.) I have learned that Leonard removed to Harris Co. early the present year. Asa lives with Maj. William Howard, Ellerslie P.O. Harris Co. Geo.
Asa is anxious that his claim to compensation be examined by the proper authorities.

Sir,

In obedience to instructions in Circular No. 4. Bureau R.F.&A.L. Office Asst. Comr. State of Geo. Atlanta Geo. Aug. 3d 1868. I have the honor to report the following condition of affairs in my Division. My efforts have been confined mainly to the settlement of claims of the freedmen against the whites & in endeavors to induce the parties to leave their differences to arbitration, or settle in this office in presence of the Agent. Several cases have occurred where the freedmen have been discharged in violation of their contract, or for neglect of duty on the part of the freedmen themselves. In all such cases I have sought to bring about a peaceable settlement. No contracts have been presented for my approval during this month.

The subject of Free Schools & their establishment in the county has occupied my attention, and judging from the interest manifested by the colored people and their promises to contribute to & support them, there will be a greater number of schools in operation in Muscogee County the coming season than in any former year. There have been several cases of Assault & Battery, some of them of great severity, in which the freedmen & women have suffered at the hands of the whites. In all these cases I have counseled an appeal to the civil authorities, and in some of them the parties have been bound over to appear at a future Court.

Agreeably to Circular Letter R. F. & A. L. Office Asst. Comm. State of Geo. Atlanta Geo. Oct. 21. 1868, I have the honor to report that the following cases of Assault & killing have occured in my dist. from Jan. 1st. to Oct. 31st. 1868. John Simpson was tried and convicted of the murder of Sawney Sapp, at an adjourned term of the Superior Court, Muscogee Co., and sentenced to be hung on the 10th. day of March last. He was respited by Provisional Gov. Rufer & his sentence afterwards remitted to imprisonment for life.

Jan. 20th. Nathaniel Fuller, white, shot Kinchen Shivett, colored, in Muscogee Co., inflicting a dangerous wound in the neck. Fuller was tried in the Superior Court in Feb. last and acquitted.

June 1st. Thomas Thompson, colored, was shot and killed in Marion Co. by C. C. Fickling, white, verdict of Coroner's jury, "killed in self defence". Fickling run away and at last advices had not returned to Marion.

In July a white man killed a colored man in the South part of Marion Co. The slayer came before a magistrate and was discharged on the ground that he acted in self defence. The names of the parties are unknown.

Sept. 3d Henry Pitts was cut with a knife in the hands of Mike, both colored, in Marion Co. Pitts died Sept. 15th. Mike ran away. The verdict of the jury indicates Mike as the slayer.

The above are all the cases that have come to my knowledge to date.

In regard to circumstances connected with the recent Election in my Division so far as the facts have come to my knowledge, I have the honor to Report, that in Muscogee County there was much unfairness & violation of law at the ballot boxes. It may not be out of place to remark here that the Ordinary of our Co. so arranged the Managers of the Election as to give almost the entire control of the polls to the democrats. Out of 8 managers the Republicans had but three. Many persons who were clearly entitled to vote were refused permission to do so by the Managers. A large proportion of the Republican votes were challenged and compelled to swear in their votes. At two of the polls in the city of Columbus, persons from other Counties in the State were not permitted to vote for Presidential Electors, but at the third poll all persons were allowed to vote, provided they voted the democratic ticket. In this Co. three Co. officers, namely, Sheriff, Clerk of Sup. Court and Coroner were voted for on the Electoral ticket, and persons from Chatt. Co. voted the whole ticket, including Co. officers, if they voted the democratic ticket. It is believed that many persons from Ala. voted in this city. Minors were permitted to vote, and they and others repeated their votes, no questions being asked when a democratic ticket was presented.

Over.

(Brought Over)

Leonard

Money was freely used for the purchase of votes. The democratic candidate for Sheriff made open & public proclamation to the voters inviting them to come up and get their money & their votes, at the same time he stood with money in one hand and votes in the other. Muscogee Co. has abou 3000 votes. The Republicans polled 19 votes less than in April last, when they carried the Co. by 460 majority. About 3600 were polled at the late election, about 800 more than in April.
In Chattahoochee Co. but 3 Republican votes were polled. There are 700 Republican votes in that Co. Persons report that they were not permitted to vote unless they had previously paid their taxes. It has been stated there were no votes sent to this Co. except a few from this city. Chatt. Co. has about 1400 votes, a majority of them being Republ. The returns show a vote of about 600 at the late election. Many of the colored people walked from 10 to 25 miles to vote in this place but were refused on their arrival here unless they voted the dem. ticket. Citizens of Marion Co. report that all colored persons were refused the right to vote unless they had paid their taxes. One individual states that 300 persons were excluded on that account. There are about 1100 voters in Marion Co.

None of the statements in this communication have been verified by affidavits, but they are thought to be substantially correct.

Sir,

Since the within letter (See page 23) was written there has been another murder of a colored man in Muscogee County, George Logan, in this city on the night of Nov. 2d 1868. Logan was standing with many others on the side walk on Oglethorpe Street, looking at the democratic procession as it passed, when some one or more persons fired into the crowd, killing Logan instantly, and wounding another colored man in the neck. The verdict of the Coroners jury was that Logan came to his death by a pistol shot in the hands of some person unknown. I have been unable to ascertain the name or location of person wounded, but it is believed he resided in the county. He is reported to have died a few days after receiving the wound. A Coroner's inquest was held by the Coroner of Muscogee Co.

In obedience to instructions in Circular No. 4, Bureau R. F. & A. L, Office Asst. Com State of Geo., I have the honor to report the following condition of affairs in my Division during the present month. So far as I have been able to learn, the colored people have been and are now, working well and manifesting a desire to comply with the conditions of their contracts. A number of colored men from each of the Counties in my division have complained because they were discharged for voting the Republican ticket at the recent election. Perhaps 50 persons were discharged in Muscogee Co. on that account. In some of these cases assistance has been given to bring the case before a magistrate for adjudication while others have been counseled to postpone action till the end of the year. A few cases have been left to arbitration.

(Next page.)

Several assaults by the whites upon the blacks have been perpetrated. Generally, they grew out of a difference of opinion in politics. I have made exertions to establish schools in the County during the month, but find a genral disinclination to make any movement in that direction both by whites & blacks. All admit the necessity of schools but they want every thing done without cost or trouble to them. No contracts have been presented for approval during the month.

NARA 27

SPEECH OF

EX-GOV. JOSEPH E. BROWN,

Of Georgia,

Delivered in Milledgeville, Ga., June 6th, 1867, on the Present Situation and Future Prospects of the Country.

FELLOW-CITIZENS:

The question that claims our consideration is one of no ordinary importance. In its investigation we should divest ourselves of passion and prejudice, and let reason and common sense guide and control our action. This is no time for crimination and re-crimination. We have all erred more or less in the past. Each has something to regret, and something to forgive. Unity and harmony among ourselves are of the utmost importance. When we have common misfortunes and common dangers, why should we quarrel with each other? Let us bury past differences and party strifes, and come up a united people to the inquiry, what is best for us to do?

I am aware that I have been bitterly assailed by past political opponents for the course I have felt it my duty to take in this great emergency; and that many political and highly esteemed personal friends have felt and expressed their deep regret. While I attribute to each and all the same honesty of purpose which I claim for myself; knowing that we have viewed the situation from different stand-points, and have acted upon information acquired from different sources, I cherish the hope that at no very distant day our views will be more in harmony with each other.

I belong to no party organization of any character except the reconstruction party of Georgia, to which I think it our true interest that every man in Georgia should belong. My platform is the Sherman Act with the Wilson supplement, by which I mean prompt reconstruction in strict good faith upon the terms laid down by Congress. When we are re-admitted into the Union *as a State*, I expect to advocate an affiliation with whatever progressive national party shows the greatest inclination to stand by principle and deal justly by us, with the most power to aid in restoring prosperity to the South and to the whole country. The war has *forever settled* the old issues upon which the country was once divided into parties. In making a future selection, I shall be governed by none of the predilections nor prejudices of the past. In looking back over the past, I think I see that the South acted unwisely. In order to maintain political consistency, we took the hull and gave the North the kernel. We opposed tariffs and internal improvements, still we had both. We gave the North all the substantial or material benefits, and in return, they generally gave us the Presidency and a large share of the offices. With this Southern statesmen were satisfied. But when war came we found that Southern interests had not been advanced. High sounding titles and empty honors would not maintain armies in the field. This required material, resources and development. In future, let us deal liberally and justly by all sections, but when the material benefits of the Government are to be enjoyed, let us claim our share. When a large appropriation is asked for the North, let us ask a million of dollars to improve the harbor of Savannah, and another for Charleston. When a Pacific railroad is to be built for the West, let us ask a few millions to rebuild the levees on the Mississippi river, and secure that magnificent country from inundation. In a word, let us maintain in good faith the credit of the Government, and pay our full proportion of the public debt, and do all other duties faithfully and promptly, holding ourselves ever ready to uphold the national flag in every emergency, and in turn let us claim, and we shall then receive, our just share of its benefits and its aid.

When we are re-admitted, we shall have twenty Senators, and probably fifty to eighty Representatives. This will be a power in Congress that will be kindly treated and conciliated rather than provoked and despised. When we have an election, we should choose Senators and Representatives who are true Union men, and can take the test oath, whose views are in accord with the Government, and will sustain and support it in good faith. At the same time, we should elect Union men who are neither revengeful nor proscriptive, who sympathise with us, and desire to restore prosperity, unity and happiness to our whole people, North and South. If we do this, and our people will conquer their prejudices, the breach will be fast healed, and the nation will soon enter upon a new tide of prosperity and greatness never before witnessed on the continent. It will then be seen that the war has only developed our strength, and shown to the world the gigantic dimensions of our power. Time will soon heal the wounds now bleeding; immense numbers of immigrants will pour in

NARA 28

Remarks on Ex-Gov. Brown's Speech, and the Situation.

Events, since the above speech was delivered, are fast fulfilling our worst predictions. Every effort made to hinder the execution of the laws on reconstruction, recoils upon the people of the ten Southern States. Each act evincing a rebellious spirit on our part is followed by increased rigor in the legislation of Congress.

The opinion of Attorney General Stanberry, and the course of the President in connection with it, caused the July session of Congress. The country knows the result. The State Governments are placed under the absolute control of the Military Commanders. The disfranchisement of our people is extended rather than restricted, and our condition is much worse than it was before the President interfered in the matter. The letters of Ex-Gov. Perry, Ex-Gov. H. V. Johnson, and Mr. Hill, which are full of appeals to the worst passions of our nature, have produced an exhibition of rebellious feeling and resistance, that widen the breach instead of pouring oil upon the troubled waters. These letters have stirred up the angry feelings of both sections. The strife is renewed; and the natural result follows. The strong section dominates over the weak. The conquerors get the better of it, and the conquered are the sufferers. The extreme radicals of the South who are radical on the Southern line, as Perry and Hill, advise resistance to the measures of Congress on reconstruction, and arouse our passions to influence us to adopt their advice. On the other hand, the extreme radicals of the North, who are well pleased with just such exhibitions as those made by Perry and Hill, parade them before the Northern people as evidence that the spirit of rebellion is still rampant in the South, and they demand general disfranchisement of all white men who were rebels, and the confiscation of our property as the only means of humbling us, restoring the Union, and crushing out the rebellion. These two factions now act and re-act upon each other, and with increased bitterness—both act upon the masses of the people, just as the extreme secessionists and the extreme abolitionists did before the war. The miseries which followed in the one case are known to all; those that must follow in the other, if madness continues to rule the hour, must soon be felt by all.

Mr. Hill's long tirade of abusive epithets, in which, as is his custom, he brands everybody as a dishonest traitor who does not agree with him, ends in a single suggestion of a remedy. *Resist the measures*—among other nonsense—by an appeal to the Courts. Indict and sue any officer who takes your property, or arrests your person, under these laws of Congress. This is his remedy, and it is all disposed of by a short sentence in the bill of the July session of Congress, which absolutely forbids any Court, State or Federal to interfere in any manner whatever with the action of the Commanding General. He has the army at his back, and his will is the law, and Congress says the Courts shall not interfere. How then are we to *resist* by aid of the courts? What Judge, with a single Marshal or Sheriff, will be bold enough to attempt to *resist* the Commanding General and the army, in the teeth of the act of Congress. The intelligent reader cannot fail to see that Mr. Hill's high-sounding phrases end, as usual, in *nothing practical*, unless it may be the relief experienced by the discharge of a large quantity of accumulated gas. In his whole political career, who can point to a single *practical measure* of any importance to the public, which he ever originated and carried into operation? Think carefully, gentle reader, and see if you can call to mind a *single measure* of public benefit which his statesmanship ever reduced to practice. If you can think of such, be careful how you follow his teachings in this critical emergency.

In view of the past action of Congress, what man of common sense, who votes against the Convention, can even hope that he will not be disfranchised when Congress meets in December? He may be a voter now, but he will not be a voter when the new registration is made next spring, which will certainly follow if we vote down the Convention. Hon. Thaddeus Stevens has already introduced a bill, which lies over till December, to disfranchise all who aided the rebellion. The tickets will no doubt be preserved, and it can be known how each man does vote. He who votes away his *right to vote* and his *property*, by voting against the Convention, will have ample time to repent of his rashness, when repentance will be of no avail to him or his distressed family. Let sober-minded men consider well before they act. Has it occurred to the people of Georgia, who have not heretofore been the office-holders, that nearly all the bitter denunciations of the reconstruction acts come from men who are disfranchised? Men like Governor Perry and Mr. Hill and Johnson, who have all their lives, as their past history shows, been striving for office, whose ambition knows no bounds, may have come to the conclusion that any law which makes *them* ineligible to office, necessarily ruins the country. That there is no country while *they* are disfranchised. And rather than submit to this they prefer that all sink together. But what say the honest masses of Georgia, from among whom the office holders must rise up, while those men are disfranchised? Are you ready to give up your right to vote and hold office, and own property, to appease the passions of those who by rebellion have forfeited their own rights? Will you not vote for the Convention and save what is left to you, and settle the difficulties in which we are involved as soon as possible? Dismiss passion and let your *reason* and your *interest* guide you, and the decision will not be doubtful.

Some men attempt to alarm your fears by telling you that the Convention, if it meets, will be Radical, and will put a provision in the State Constitution disfranchising all white men who aided in the rebellion. This cannot be so, as both the Sherman bill, and the Supplements, positively require that the State Constitution made by the Convention shall secure the "elective franchise to 'all male citizens' not disfranchised by those acts, who are twenty-one years old and upwards, of whatever *race, color* or previous condition;" and that at the election for ratification or rejection of the Constitution, "all the registered and qualified electors in the State, have an opportunity to vote freely and without restraint, fear, or the influence of fraud." Thus it will be seen that the acts of Congress positively require that the *elective franchise* shall be guaranteed by the State Constitution to *all male citizens* in the State, of whatever *race* or *color*. If the State Constitution disfranchises any one not disfranchised by the acts of Congress, we know in these acts the pledge that Congress will reject the Constitution.

But suppose we vote down the Convention, and Congress should pass an act, as it unquestionably would do in that event, disfranchising all who manifested their disloyalty by voting against the Convention, and, probably, all who aided the rebellion; the next State Convention, which will be ordered by Congress, will act under no such restraint as the first will; and may, and probably will, incorporate the disfranchisement into the State Constitution. If, then, we desire to secure and make permanent the white man's right to vote, and to save our property from confiscation, our only security is to vote for a Convention.

NARA 29

them. They will all be there as voters, and a majority of Northern Democrats cannot get them out. If the Democrats should have a majority over them and the Northern Republicans in the House, and should pass a bill to reorganize the Southern States on a basis that would again enfranchise white men, the Senate, with a large majority of Republicans, would refuse to pass it, which would be an end of the matter. You may say, change the Senate. This will take at least four years, as there are more than a majority of Republicans now in office for that period. After we have been reorganized and our members have held their seats in Congress for four years, what reasonable probability is there that they will then be ejected by a change in Northern sentiment, and these States again remanded to a territorial position to be reorganized under democratic rule? What democratic leader North hopes to be able to eject the Tennessee members in case of a democratic victory?

I trust I have been able to demonstrate that we have much to lose and nothing to gain by voting against the Convention. Thus far I have discussed the question only in its political bearing upon the rights of franchise, and have left confiscation out of it. Are we in no danger of confiscation in case of our refusal to organize under the present laws? Mr. Stevens' confiscation bill has been referred to as the sleeping lion upon the speaker's desk. May we not, by our course, awake that lion and provoke him to tear us asunder? Mr. Stevens has pledged the remainder of his life to the passage of this bill. If we accept and reconstruct, he can never do it. If we vote down the Convention, he can. We say the Northern people are great lovers of money. Let us imagine that the Convention has been voted down, and that Mr. Stevens, and those who agree with him, are addressing meetings of the Northern people. What may we reasonably expect? They will represent us, as they hold, to have been the party at fault in the whole matter. They will say to their hearers: You were at home loyal to the Government and obedient to its laws, in the pursuit of your ordinary avocations as peaceful citizens, without public debt, scarcely feeling the weight of the Government. You elected a President in the Constitutional mode. The people of the South determined to secede on that account, and to destroy the Government of our fathers because they could not control it, and extend slavery into the territories. They fired upon our forts, and with an organized army made war upon us. In the struggle over three hundred thousand of the loyal sons of the North fell, and their bones are left in the South. They have left almost a million of widows and orphans. All around us we see those who have lost their limbs in defence of the flag of their country. They must have pensions. In addition to all this misery and misfortune, they have entailed a debt on us and our posterity of two and a half billions of dollars. All this the speaker will say was caused by the wicked acts of the Southern rebels. He will state that the North, since the war, has offered to restore the South to the Union upon the most liberal terms (as members of Congress often say) that were ever tendered to a conquered people, and that we have a second time hurled back into their teeth the terms offered. Having exhausted our clemency and placed ourselves right before the civilized world, we will now, says the speaker, make these people feel the results of their conduct. They said they were out of the Union —we will so treat them, and having conquered them, we will appropriate their lands and other property to the payment of the expenses of the war, including the war debt, and the pensions of our wounded soldiers. In the irritated condition of the popular mind North, which would grow out of our repeated rejection of the terms dictated by the conquerors, who does not fear the effect that such speeches would have upon the Northern mind? They would contain a dangerous appeal to the interest and the passions of every hearer.

The Northern people are anxious to be relieved of the burdens of the public debt; and if they could justify themselves in the face of the civilized world, they would be glad to pay it with our property after we have repeatedly rejected terms of settlement which they regard reasonable. Then, my friends, do you see no danger of confiscation in the rejection? Are you satisfied that the sleeping lion will not be aroused by your action in voting down the Convention? This is a subject worthy of your very serious consideration.

But men frequently grow desperate and say, let the property go, I will not accept the terms to save my property. Is this wise? Is it the conclusion of your reason, or the result of your passion? If you could save your country, or do a great public service by the sacrifice of your property, patriotism would require the offering. But I think I have clearly shown that the sacrifice in this case can result in no benefit to the country. After you have voted down the Convention, and your property has been taken, you will have to submit to harder terms than those now tendered. Then why recklessly sacrifice your property? Have you a wife and children? Have they no need of the little remnant that is left you? I admonish you, my friends, to let your passions cool, and then reason calmly with the companion of your bosom, and she will tell you that your family needs your property; and as its sacrifice can do your country no good, you had better save it.

NARA 30

The reply which I frequently meet to these arguments is a simple attack upon my own consistency. The sword, my friends, is a leveller of systems, and a destroyer of consistency. Let me ask him who assails my consistency to look a little at his own. Ten years ago you would have insulted a man who would have told you that you would ever vote to abolish slavery or to make a colored man a witness in court against a white man. You have since the war done both. You aided in the passage of an ordinance of secession by which you declared you were out of the Union, and pledged your honor most solemnly to stay out. You have since taken it back, repealed the ordinance, and now claim that you are again in the Union. Your State contracted a debt during the war. You were proud of the credit of Georgia, and gave every assurance through your representatives that it should be paid in good faith. You have since solemnly repudiated it. You ridiculed the proclamation of Mr. Lincoln abolishing slavery. You have since, in your amnesty oath, sworn to support it. You denied that our action in the war was a rebellion. You have since admitted under oath that it was, when you swore to support all proclamations touching the abolition of slavery made during the rebellion. You renounced the authority of the United States, and swore to support the Constitution of the Confederate States. You have since sworn to support the Constitution of the United States. Even the President of the Confederate States was as inconsistent as you were. He displaced the United States Judges in Virginia, and other States, and appointed others in their places. He had the *habeas corpus* suspended for a time, and made strong efforts (in which, fortunately, he failed) to get a perpetual suspension. He has lately humbly petitioned a United States Judge in Virginia to grant unto him the writ of *habeas corpus*, closing the petition with the words, "and your petitioner *will ever pray*," &c. I mention none of this as a reproach to you or your late leader. Circumstances beyond your control have compelled you both to act. But what think you of your consistency?

Again, you object to voting for a Convention because you do not approve of universal suffrage. And you say it is a mockery to ask you to vote for that you do not approve. Did you approve of the abolition of slavery? Did the repeal of the ordinance of secession command your approval? Why was not your dignity offended and your honor tarnished when the President required you to pass these acts which you did not approve? You then swallowed the dose without making ugly faces.

Even Gov. Perry, whose high sense of honor will not allow him to contemplate the acceptance of terms so degrading as those contained in the Sherman bill, as provisional Governor of South Carolina, under the appointment of the President, called a Convention of the people of that State, which, under his supervision and direction, not only abolished slavery in South Carolina, but assented to and adopted a proposed amendment to the Constitution of the United States, that it shall forever remain abolished. The same Convention, under the same supervision, rescinded the ordinance of secession, which that chivalrous State had with so much pomp and defiance passed in advance of any other Southern State. He then accepted from the legislature assembled under the Constitution formed by that Convention, an election to a seat in the Senate of the United States, which he, in common with others, has not been permitted to occupy. After the stand that South Carolina had taken as the champion of slavery, and the position she had so long occupied as the very soul of chivalry, if a Senator from that gallant little State could take in his hand, as the work of his own supervision, a Constitution abolishing slavery, and an act rescinding the ordinance of secession, and holding them up at the door of the Senate of the United States, demand admission as a member without humiliation or degradation, it does seem that his sense of honor might at least have borne the shock of the Sherman bill. I do not arraign Gov. Perry's motives, but his consistency will not bear a much more scrutinizing investigation than that of some of the rest of us. It is not very strange that four millions of people made free, and subject to the burdens of taxation, should demand some participation in the Government which they are to obey, and by which they are to be taxed. If there was no degradation in conferring *freedom* upon them, however reluctantly we may yield to the policy, I am unable to see the *degradation* which attaches to our assent that they be enfranchised.

Gov. Perry and his followers say they prefer to remain under military government rather than accept the terms. They will not be allowed that privilege. We shall be kept under military government till these States are reconstructed. But Congress is determined to reconstruct us soon upon their own terms. If we reject the present tender, the next will immediately follow, as above specified, and will be accepted. We shall then be relieved from military government and placed under the new *State* government whether good or bad. Gentlemen need not flatter themselves that they have the privilege of choosing between the present proposition and continued military government. The choice is between reconstruction on the present plan and reconstruction by the freedmen of the State and a small fraction of white voters. I trust our reason may control us in making the choice.

But another objector says: I will never consent to disfranchise my leaders; I will

NARA 31

sink or swim with them. You say if Congress would do it without calling on you to approve, you would acquiesce; but you will never vote for it. Congress holds that we are all disfranchised by our secession or our rebellion, and it proposes to restore all except certain classes to the right to vote and hold office, upon our complying with certain requirements. You do not vote to disfranchise us; you only vote to enfranchise yourselves. Congress retains the power to restore the rest of us in future, if it chooses, by a two-thirds vote. Your prompt acceptance of your own enfranchisement and the conciliation which it would produce is the speediest and best way to aid in securing our relief. Why should you refuse to accept your own relief because relief is not at the same time tendered to us? We do not derive the slightest relief by your rejection, while you suffer a positive injury, and your conduct provokes greater injury to us and yourselves. If you regard your leaders, and wish to serve them, the best ways is to accept your own relief and then exert your influence for theirs.

I have said that, in my judgment, honor allows our acceptance of the terms. At the surrender we were left to our choice to submit to, and become loyal subjects of, the Government of the United States, or to leave it, and become the subjects of some other Government. We elected to remain, and we now claim the protection of this Government. We are a conquered people. The conquerors offer us terms of settlement, upon compliance with which we are to be restored to a participation in the Government. We have no further power of resistance, if we had the will. The Government has its vast army and navy; it has in its arsenals over a million of small arms, besides its artillery. We have surrendered and are disarmed. It dictates its terms. If we reject them, it will increase their rigor. How then is it dishonorable for us to accept? The great Generals who led our forces in the field of battle advise acceptance. Do you doubt their chivalry, and are you afraid to trust your honor in their keeping?

Again, allow me to ask: Why should I wish to dishonor the people of Georgia and induce them to accept a worse form of government when they can get a better? Born in the South, I have been a Georgian from boyhood. All my interests are in Georgia. I expect to die and be buried here, and leave my children in my beloved State. Why then should I desire to betray my State or degrade her people? If by my act I entail misery or misfortune upon my State, which could have been avoided, will not my own offspring have to participate in the suffering and share the calamity? What interest then can I have in misleading you?

Before concluding, I wish to make a few remarks to our colored friends who are present. The results of the war, and the late Acts of Congress, have imposed upon you a heavy responsibility. You are now voters and must in future take part in the affairs of the government. You are as much interested as we are in the formation of a good Constitution and the enactment of wise laws. I think it the duty of every one of you to register and vote for a Convention. If the white men vote down the Convention, Congress will, no doubt, disfranchise those who refuse to reconstruct upon the terms offered by it. But if you vote it down, Congress will not on that account disfranchise the white men. They will only be held responsible for their own course, not for yours. I presume the ballots will be numbered and preserved for future reference, and it will be known how each has voted. This has been the practice in Georgia, and there may be strong reasons for its continuance.

I have said our interest are now identical. If we suffer by bad laws you suffer also. You get your employment from the white people. If they do not prosper and make money, they are unable to pay you good wages. You all feel that now, under the present state of things. We cannot look for better times till the reconstruction is complete, and our political position in the Union is recognized and defined.

The thing most to be feared, is a quarrel, or war of races. This would be very nearly the ruin of both races; but you would be the greatest sufferers by it. Our race is in the majority in the Southern States. They have the advantage of you in education and know better how to manage than you do. They have been accustomed to think and provide, while your race has been raised to depend on others. You cannot get over this at once. You should remember, too, that as soon as this political question is settled, a large number of people from other States of the Union and other countries will come here, and settle among us. Nearly all who come will be white men. This will cause our race to increase in numbers much faster than yours. Look, for instance at some of the North-Western, States where twenty-five years ago the country was a wilderness, and now the State has a half million or a million of inhabitants. They have not been raised there. The great mass has poured in from other places where the population is too thick and filled up the country and made a great State in a few years. But you must recollect there are very few black people among them. So our territory will be filled up after a time with a large population. You will then be greatly in the minority. You can look only to the natural increase of your race, and not to increase from abroad. Doubtless you have noticed since you are free, that you are not increasing as fast as you did before. You see few

NARA 32

young children of your race. There are causes for this I need not now explain. I simply call your attention to the fact. It follows then, that while a quarrel between us, or a war of races, would be a great calamity to both races, you would be most injured by it. Mark this, and when any man, whether from the North or South, whether white or black, encourages you to quarrel with us, or to make war upon us, recollect he is neither your friend nor our friend, nor the friend of the country, but he is controlled by selfishness, and has some bad object to accomplish.

You have heard what I have said about the probable confiscation of Southern property in case our Southern people let their stubborness and prejudices control them in their action. But this, when it occurs, will do you no good. The Government needs the money to pay its war debt, and to pension its crippled soldiers. The Northern people look to their own interest. When they set you free they think they did about enough for you. They gave you the right to work for yourselves and dispose of your own earnings as you please, and they now expect you to make a living by your labor. If they take our property it will be to relieve their own burdens and not to aid you.

In fact the confiscation of our property would be the greatest injury to you. It would be bought up at the Government sales by Northern men, who would come and settle on it, and in future you would have to look to them for employment. Some of you know when you were slaves the difference between Northern and Southern masters. They do not understand your character and habits as well as we do. The Northern man has been raised in a colder climate. He steps quicker than we do and expects his black servant to move like he does. This is not your habit. He generally expects a bigger day's work than we do. You therefore could make nothing by the exchange of the people with whom you have been raised for strangers as your neighbors and employers. Let us then study each other's interest and act together.

While you were slaves our laws forbid your education. Now that you are free men and voters, it is very important that you make every possible effort to inform your own minds, and to educate your children. It is our interest to aid you all we can. We are all poor, black and white, and we are not yet able to do as much for schools as we hope to be after we have had a little time to build up. We must all, black and white, do all in our power for general education of our children.

Another thing I want to call your special attention to. It is your habit, when you work and make some money, to spend it as soon as possible for fine clothes, or other things you could do without. That is too much the case with white people too. Now, I advise you to save every dollar you can, and put it in the hands of some one you know to be perfectly good, at interest, till you get enough to buy you a little piece of land for a home. Lands are now very cheap in Georgia. Never spend a dime foolishly. Be industrious and attentive to business, and save what you make, and you can soon be comfortable.

In making these remarks to you, I have no selfish object in view. I am disfranchised. I am denied the right to vote or hold office. I do not know when I shall be relieved, or whether at all. I am not, therefore, as you see, a candidate for any office. I do not expect to hold office in future. It follows, then, that I do not want your votes. While I am profoundly grateful to the people of Georgia for the honors they have bestowed on me in the past, I expect to ask nothing of them in the future but protection as a private person. As I expect no office, I am in condition to tell the people the truth candidly, without the bias of interest, and to warn them of the danger they are in, no matter how unpopular my course may be. If I see a man sleeping by the crater's mouth of a volcano, in danger of dropping in, and he has been my friend it is my solemn duty to warn him of his danger, though he may be for a time mad with me for disturbing his slumbers. I think the people of Georgia are about in that condition now. They have honored me in the past, and though I well knew when I first sounded the note of alarm, that many of them would impugn my motives, and abuse me for it, I determined to tell them their condition boldly and fearlessly. And let me now say to you, that in case of a quarrel or war of races among ourselves, you are in imminent danger of ruin. Let both races be careful and tread lightly then, till our feet are on firm ground.

In conclusion, I return my thanks to all who are present, for the good order you have maintained, and the patient and attentive hearing you have given me.

NARA 33

GOD'S PROVIDENCE AND MAN'S IMPROVIDENCE;

OR,

HELP YOURSELF AND GOD WILL HELP YOU.

WE often hear a man say, "I'll trust to Providence for it." It may be that he is a very wise man to say it, but ten times as often he is very foolish; for it usually is a mere excuse for not getting up and doing something for one's self. Poor fool! Does he think Providence is his servant, to do what

NARA 34

he might do, and won't? No: Providence is his great, loving Father, who takes care that all shall turn out for his good; but God's way of taking care of his children is to make them able to take care of themselves. He has not given man a thick skin like the horse, nor wings like the birds, nor food ready-made like the bee, nor houses ready-built like the oyster; but he has given him such a sense, that, with his thin skin, his slow feet, his need of cooking and building, he rules the horses, catches the birds, makes the bee give him up his honey, and the oyster give him up its house to mortar his bricks together. Up to a certain limit, indeed, God helps freely; but then he stops, and says, "Now use *your* strength: help yourself, and I will help you some more; if you don't, my laws can't change for you." He says, "Do you want a crop of corn? I will furnish you seed, land, rain, sun, clouds, wind; I will make it spring up and grow, first the blade, then the ear, after that the full corn in the ear. But you must do your part: the land is not my best; but here is manure, if you choose to bring it. I will not break the clods and plant it, as I do my wild grass: but here is iron, and here a mule: make a plough, and open the land yourself. I want room for my weeds to grow too, and shall drop them right down upon your beds and furrows; but, if you choose, bring your hoe and scrape them off, and I'll put all the power I was going to give the weeds into your

corn." And God keeps his promises, — keeps them both ways, — both as to what he says he will do, and as to what he says he won't do. The lazy man in spring will surely be the hungry man in autumn. The man who loves to lie in the sun in summer, will surely shiver in the cold in winter. God looks out ahead for us, — that is his providence; when a man don't look out ahead for himself, that is his, the man's, improvidence. All the good in life you can set down to the former; nearly all the evil you may set down to the latter.

Now, how is it with the new freemen? "Slaves" you were called till four or five years ago. "Slaves," — that meant that a master said, "Here's a house and a garden lot; here's a peck of corn a week, and yonder a mill to grind it; and here's a coat and a shirt, and a pair of pants and of shoes; and here's a blanket, — that's all you need; here's a hoe, too: take it, and go hoe my cotton." After a fashion he took care of you, looked out for you, — he was your providence. Now you are free, — you are your own providence. You know that already there are some men whose house is larger, whose garden brings more, whose peck is swollen to a bushel, whose clothes are better, and whose hoe does twice as much for their families as it ever did for their master. But look round: there's Sam. Is he any better off? He has had money enough: what has he done with it? Come here to this pasture:

NARA 35

do you see that mound? He has buried it there in the form of an old condemned horse, which he bought of the quartermaster for ninety dollars! It ploughed his land one season, took him to church six Sundays, and then lay down here for ever. There's Ned. Ned was an officer's servant, and got good wages. What has become of his money? If you had been on the plantation last summer, you would have seen his wife in muslin dresses, sitting in the house while other women were at work. His daughters are known in all the sutlers' stores, and his two boys were roaming the woods, each with a gun on his shoulder. At least once a week you could have seen Ned himself reeling down the street. Now look at them this winter. Rags outside, envy inside, and chilled bones between! See Tom, too. Last spring he planted more land than any other man; but, before second hoeing time had come, the knot-grass had got his crop under, while his hoes grew rusty in the house. And, indeed, pretty much all the men on the plantation will tell you they haven't got so much money laid by in their nest now as they had two years ago.

What is the cause of all this? Their own improvidence, — *not looking ahead;* for that's what the word means. They were free, — what use for them to work day after day, just like the old slaves? They were trusting probably to God's providence, — to his looking ahead for them. They hoped that somehow

he would drop food into their mouths, money into their pockets, shirts on their backs. Their houses needed shingling: well, Providence will shingle them. Their garden fence was broken, and the pigs got in: well, let Providence fix it. Their children were running round dirty and wild, while the others went to school: well, Providence will hammer the spelling-book into their heads.

Oh, you foolish fellows! When will you learn wisdom? God helps those *up* who help themselves, and he helps those *down* who don't help themselves. The very same thing which is a blessing if you use it aright, is a curse if you don't. The rain blesses the field: how is it leaking through a house-top? A wife, treated as a wife, is the best thing a man can have: mistreated, what worse? Children trained well are a crown of glory and a promise of rest to their parents: sworn at, neglected, left to themselves, they are growing plague-spots in the house.

And don't say you can't help your poverty and what you call your ill-luck. Siah and Ranty are your very next neighbors. Their land is no better than yours; shingles and palings are no more plenty in the woods for them than for you; oyster-shells will make for you as good whitewash as for them; the prices are no higher for what they sell and no lower for what they buy. And yet, look into their houses, and then into yours; look at their families, and then at yours. Are they any smarter men than

NARA 36

you? You never allowed it: for you know that, when you choose, you can work even quicker than they. The difference is, that they are *provident*, and you are *improvident*. They *look ahead*, and you *don't*. They remember that to-morrow brings its own work and its own hunger, so they see to it that to-day takes care of itself; you remember that to-morrow will be a good time to do to-day's duties in. By the end of a season, that tells; and only four years of that have brought you to this ruin, and them to that prosperity.

And don't blame God for this, either. It's his goodness still which leaves you to your folly; for how would you ever give up your folly, if you found it sweet? Do you mean that you wish he had made you a pig, so that it might have been all right for you to lie round doing nothing the live-long day? But if you had rather be a man, then keep your mouth shut before God. He *can't* treat you any differently from the way in which he does. He *can't* save you in spite of yourself; for then *you would not be a man*. But he does all he can. The ruined crop, the shivering body, the shaky house, the scolding wife and disobedient children, are his voice, calling to you and reminding you of the good in store for you, if you will take means to get it. God loves you too much to let you rot away without trying to sting you back into life. So he makes the wise law: to every act its own consequence, — good

to the wise act, suffering (which, you see, is also good) for the foolish, lazy, sinful act.

Now that you are free, more than ever before you lie under this naked law. Before, your master stood between you and it. No more whining, no more lazing, no more shirking, for you; no more trusting to "Massa." And don't think that Providence will take Massa's place. If God loved you as Massa did, for his own sake, he would very likely see that you had the corn and the house and the blanket, whether or no. But he loves you for *your* sake; and he knows that *a man is only then a man when he is using his powers*, — when he is trying with all his might to better himself. So he leaves you to yourself, — without the corn, if you haven't planted and tended it; without the blanket, if you have not earned it; and he rains right through the hole in your house, if you haven't fixed it; and he don't blind the pig's eye to the potatoes in your garden, when you haven't mended the fence.

So let us all learn this lesson, — white man, black man, free man wherever you are, at the South or at the North, — *God's providence will not cure man's improvidence*. It is not a medicine to make good our lazy faintings and our sinful failures; but it is the blessed food by which we live and move, and have our being, each moment of every day. But for every mouthful of it God says, "Do your part." God's providence works in and through our provi-

NASA 37

dence. If we do our best, then his providence stands behind us, and before us, and on both sides of us; and, if things do not turn out as we think good, it's because there's a still higher good hidden in store for us, — ours, if we keep on trying in faith and earnestness.

Mr. Gormley says that he employed the negroes mentioned for Mr. Hall of Macon Co. Endorsement and memorandum

Respectfully returned to Bvt. Lieut. Colo. E. Pinckett A.A.A. Gen. — A summons for Mr. Wm. Rees was returned by the Sheriff of Stewart Co. after a days search with the remark that a man by that name did not live in Stewart Co. but a family of that name had been living in Heath Co. but he could not learn of the name of the head of the family, and as the case was not a criminal one, he did not consider himself authorized to go out of his Co. to serve the summons.

I have investigated the case of Paul Simpson (freedman) vs. Dr. James Huff & have the honor to report that according to the latters statement Amanda was raised in the Huff family & from good feelings towards her, retained and provided for her after the abolition of slavery. It was unknown to him that her Father was alive and has been believed that she was an orphan, and no body who claimed any relationship to her, has ever called on him for the child. He states that if her Father is alive he must be quite an old man. Huff is willing to give up the child to the Father but asks to provide him with an order for the child. If Paul Simpson has never applied to Dr. James Huff for his daughter, I respectfully ask that he be made to pay the cost of summons & horse hire of $3.50 in this case & the money sent to me as it really looked hard to make James Huff pay it when he most positively declared that no demand for the child had ever been made

Enclosement & memoranda

Brevet Lieut. Col. Eugene Beckett, A.D.C. Geo

In compliance with contents of endorsement dated Atlanta Geo. Aug. 16. 1867, I have investigated the complaint of Isaac Ector & wife, colrd. vs. Thos. P. Barter of Stewart Co. for non payment of wages & have the honor to submit the following report. From the enclosed original contract & the testimony before me, the facts in the case appear to be these; 1st. Isaac Ector & wife worked for Barter only from 24. Feb. to 1st. July, 4 mos. at $16 per. month, not 6 mos. as stated in affidavit—the sum due is consequently $64. 2d. Isaac left without Barters knowledge & consent. 3d. Isaac received one pair pants & one shirt—his wife one dress, a sufficiency for four mos. labor (one third of the time) or at least very nearly so.

4th. Barter says Isaac left his bedding & effects, and as he had no knowledge of his leaving, he had no opportunity to oppose his taking any thing he wished. A colored man Philips he says took care of Isaacs goods until he came & took them away. 5th. Barter states that Isaac & his wife leaving him at the time they did, caused him much trouble & some loss & claims damages. I concluded from many analogous cases that his story was probably true in the main, and let him off by paying $40. which was enclosed & paid to Isaac

For Isaacs receipt for the money, see day book Aug. 12. 1867.

Office Agent Bureau R. F. & A. L.

Filed Augusta Geo. March 7. 1868.

Green McCord has been before the Bureau & reports 4 children. This case was before the Agent in Columbus in 1866, which gave McCord three of the children, the oldest, a daughter, which Emily Willis has under her charge. Emily visited McCord last week & concluded for McCord to keep the children, also to take the daughter in his charge & school her as he had been doing the others. Said McCord brings several affidavits from former employers of good character. McC. is a good blacksmith, has a shop & is running a farm of twenty or thirty acres. Emily when here was penyless. Green is under good report, a moral & pious man, very genteel in his dress, furthermore petitions to Officer that he may retain the children, which I approve.

The within report of Agt Collier is very unsatisfactory it appears there was no investigation whatever, (as none could be had unless both parties are present) on which the account against the freedmen was accepted as correct.
By reference to the contract it shows that each pupil received about 15 ℔ per day - yet the bill is charged 25 ℔ per day - first time, 50 ℔ per day for attention rendering Board $19.75 per Pupil.
You will endeavor to thoroughly investigate this case, reporting action to this office.

of June I addressed a letter to you in regard to Millie, daughter of Matilda Stephens, freedwoman of this city. The letter and endorsements were returned through the A. G. Office on the 26th. ult. On the receipt of the papers here, I had an interview with the Mother and tried to persuade her to permit Millie to remain in the employ of Mr. John Gregory with whom she has been for near two years, and by whom she appears to be well treated and cared for, but Matilda seems to be unwilling to be separated from her daughter, and has handed me Ten Dollars, (which I enclose,) to forward to your office, which, together with the $20,85 due her for her services, it is estimated will be sufficient to secure her passage to this place and leave a trifle for outside expenses.

Agent of Bureau R. F. & A. L. New Orleans,

Sir,

Matilda Stephens, freedwoman, of this city says she hired her daughter, Millie, about 15 years of age, to Mrs John Gregory in this city for $5 per month, that on or about the 12th. of October 1865, Mr. Gregory & family removed permanently to the city of N.O., although it was reported to her, Matilda, that the removal was only a visit and for the purpose of attending to a law suit then pending in the courts of law, the decision of which it was expected would place them in very comfortable circumstances. It was to accommodate Mrs. G. in her then situation that induced the parent to consent to part with her child. A letter has been shown me, purporting to have been written by Mrs. G. to Matilda, dated June 12th, in which it is proposed to take the child to Texas. Matilda objects, and asks that the girl may be

returned to her, together with the pay for her services. Forty dollars ($40) have already been received. According to the statement, the child has earned not fewer $100, and there is now due about $60. Probably something should be deducted for necessary expenses. Mr. Gregory is a printer by trade, but in what office he works we do not know. Mr. Frank Owen, of your city, knows the daughter, and is also a printer.

Please let me hear from you on the subject at your earliest convenience.

Sir,

I duly received your letter dated April 5th 1868 and in reply beg to state that the horse belongs to a freedmen named Butler but Shaw was at liberty to hire the horse on behalf of the freedmen, and he is also looking after the payment for the freedman.

I enclose Shaw's Affadavit by which you will see that Gaylord only paid Shaw ten dollars.

Gaylord is a young man that lives entirely by playing Billiards & Cards, so that there can be very little dependance put in what he says.

Please be very strict with him and make him pay the money, & remit amount collected to this Office.

Sir.

I have the honor to Report that I sent you a telegram of date March 20th 1868, as follows (Butler freedman makes complaint that W. A. Gaylord hired his Irony on 8th March at $1.00 dollars per day, you will please get the Irony and hire & expenses for sending the Irony here, or the sum of forty dollars, Gaylord is a hunchback.)

Butler states that Gaylord hired the Irony from one named Shaw, on March 8th 1868 to be returned on Thursday March 12th 1868, and that he borrowed the saddle and bridle from one named Buchanan on the same day to be returned in the evening, he further states that Gaylord tried to sell the Irony in Stewart County Ga on his way from here to Columbus.

Butler further states that it has caused him a great deal of trouble, as he cannot get on with his plowing for want of the Irony, as stated in the telegram you will please collect from Gaylord the hire for the Irony

for the time he has had it, also the expenses for sending the pony back to this place, or you can sell the pony to Gaylord for the sum of forty dollars.

If you sell the pony you will please retain the saddle & bridle as they belong to a different party.

I respectfully request that you Report to this Office the action you have taken in this case.

178. Johnson owned the mother of Andrews wife, and that he left a house & lot in this city to said wife — that Wiley Williams of Columbus had the management of the property & will not put him in possession, and refuses to do so because recipients were slaves at the time of the bequest. David Johnson, brother of Enoch, lives in Jackson Miss. The mother of Thurstons wife lives in Mansfield, Louis. Julia Andrews died in 1862. 24 Wrote to the Agent of Bureau N.O. requesting him to look after Millie, a child about 16 years of age, who is the daughter of Matilda Stephens of this city and was taken to N.O. by John Gregory about Oct. 12. 1865. Gregory now proposes to take the girl to Texas, to which the parent objects. July 25th. Rec'd my original letter & answer to same. The child went to Texas with Mr. Gregory.

25 Bob Anderson & Josh Thomas make complaint against Jesse J. Bradford for debt due since Aug. 1865. Parties to appear the 28th. at 2 o'clock P. M. See page 15.

27 Marcellus, a colored boy, 8 years old, found a pocket book on the 22d inst.--it is reported there were $15 in the book when found, but when it came to me there were but $5.00. I made an effort to find the missing $10, but did not succeed. Marcellus is to have the money if no owner is found. July 22. passed the pocket book & its contents into the hands of Marcellus' Mother.

June 27 Sophia Johnson, freedwoman, on Williams Woolfolks plantation, complains that Eliza Wilson, on the same plantation, assaulted and cut Sophia on the 22d of June. Oliver Pierson, White, was found to be indebted to Bill Brown freedman, in the sum of $33, it being 181 balance due Bill for the year's services, ending June 1st. 1867, at $10 per month. Pierson gave his note for $18 payable next Christmas, and $15 in cash.

3 John Burke, freedman, wished a settlement effected between him and his employer, Samuel Jones. June 26. I notified Jones of the fact, who came 178 to the office, and after a two hours sitting, we compromised on the sum of $40 for as many days work as for want of money a note was given. John is a carpenter & worked at his calling.

Ambrose Hawkins says Wilkinson Sparks of Harris County has a son of his, about 12 years of age, 179 and he, Ambrose, wants to get him. 181

5 There were several cases of freedmen & women, one or both of the parties from the county, wherein the husband or wife had deserted and taken up and cohabited with some other person than their former husband or wife, and redress or support was sought. There were six such cases to-day, and the evil is one of magnitude and should be 178 abated. It is not uncommon for a man to have two, & sometimes three families & sets of children.

Before the time for his appearance in this office, he was taken by civil process and brought before B. H. Crawford Esq. & fined $300. He was married on the night of the 7th.

10 Jim Rogers, freedman, of Chatt. Co. left a watch with A. J. Wood, Broad St. Columbus, to determine what was the matter with it, and not to repair it if there was much to be done to it, as it was warranted. Wood refuses to give up the watch until he is paid $7. The ticket Wood gave for the watch is at his house. Jims employer left the watch with Wood.

See page 11.

13 William Gregg hired a horse & wagon of Sam Jones both freedmen, for one day. burning [illegible] In suspension of the horse & wagon, he broke the
180 latter, and it cost Sam $4 to get it repaired. Judged that Sam should pay for the use of the horse & wagon & four dollars for the repairs, which he promised to do.

Two freedmen, James Sykes & Bill Hannon came and wanted me to make a settlement between them. It appeared that James had loaned $420 in confed. money, to Bill, between
181 Oct. 1. 1864 & March 1. 1865. Judged that Bill should pay James $20. A note was drawn which Bill signed, payable Aug. 16. 1867

16. Persuaded John Ware & Sam Jones, the latter a freedman, to come to a settlement. Sam was in the employ of Ware during most of the year 1866, when they had a misunderstanding & separated. It appeared to me that Sam had been a faithful & industrious, and
182 expressed a willingness to remain with his employer but Ware insisted he should leave. I allowed Sam $12.50 per month for 10 mos. W. presented an acct. against Sam

1867.
15 of $32.40, which was allowed; he then paid him $20 in money, and gave his note for the balance, namely, $12.60 payable next Christmas. The parties were from Chattahoochee Co.

Philips offered Bob $10 for his crop. Ordered Philips to re-instate Bob on the land till the case can be investigated. See page 10.

17 Went to Chatt. Co. on the Lumpkin road, 15 miles from this city. Since the 4th. of July there has been a good deal of uneasiness among the freedmen on the plantations, and their employers. Some hands have been turned off & others had left their work. Held a talk with the hands on Mort Perrins plantation, and they all agreed to go to work again. Two of Mr. Sykes hands who had left agreed to return. Many freedmen feel they lost their situation because they came to this city to celebrate the 4th of July.

19 Much trouble on plantation in Chatt. Co. Some of the freedmen absent themselves from their work—some are cut away. Several cases occur daily. Many have pistols and carry them into the field, others shoot at night and cause disturbance. Have written to the hands on several plantations of the impropriety of such practices. Walker & Chapmans plantation is an example.

Stephen B. Freeman left his plantation on the 4th of July, ostensibly to go to Macon & Griffin to purchase provisions for his hands, 31 in number. The freedmen engaged to work the land on shares, Freeman to furnish provisions. For several days there was no breadstuffs on the plantation & nothing but bacon to eat. F. was to come

Perhaps I do not understand him, but if I do, he thinks he is not under obligation to work for you in matters that do not pertain to the cultivation of the crop on the land allotted to him to cultivate by you. Again, if I am correct, because he refuses to assist you in work in which he is not interested, you have ordered him to leave the place, & he states you threatened to shoot him if he returned. Kinchen Shweatt, freedman

vs.

James S. Holland, Pickens Co. Ala.

On the 28th. of Jan. 1868, I took 4 Bales cotton belonging to defendant & deposited it in the Warehouse of Gray, Beddell & Hughes on complaint of Plaintiff. The case was heard Jan. 30th.

Kinchen Shweatt sworn.

Presented contract in evidence. Demanded that the contract be broken or set aside & the case tried on its merits as a business transaction. Testifies his hands were whipped & beaten & driven away. Shweatts son Daniel was first beaten by W. S. Lockhart, Overseer for Holland. Henry, another son, was placed in Daniels place, & afterwards Green was substituted for Henry. Lockhart beat Green & he left. Witness thought there would be from 30 to 35 Bales cotton on the part of Hollands land he cultivated

W. S. Lockhart sworn.

Knew no cause for Henry's leaving. Tried to strike Henry about March 15th. D. denies striking Green, but that he kicked him. Holland employed Lockhart before he did Kinchen. About 12 acres of cotton were plowed up & planted in corn which he judged produced five bushels to the acre. Thought if they got 8 Bales Cotton they would do well. Shweatt was to receive one fourth. There were from 60 to 65 ~~Bales~~ Acres in cotton & there were from 3 to 6 Bales that were not gathered

James S. Holland sworn.

Witness did counsel to beat or whip Green. Holland was to employ all the hands that were necessary & did employ them. He engage several hands, all that were necessary to make & gather the crop. Calaway was a hand Holland

engaged. He, Calaway, is son in law of Kinchen Stewart. Henry Fox is another hand hired by H. Lockhart hired Scott in the absence of Holland. Testifies that there were from 3 to 3½ Bales cotton at gin house.

The contract & many papers & accounts were filed & produced as evidence. Adding the bales of cotton, it appeared there were 18 Bales gathered. After carefully examining all the facts, I adjudged the defendant should pay the Plaintiff $109.44.

Nov. 3 A large number of colored voters from Chattahoochee Co. came to this city to vote for Presidential Electors but were denied the privilege of doing so, it being against the 2d Sec. 2d Article of the Geo. In Chattahoochee Co. the voters are threatened with an attack from the Black Horse Company, a body of men that formerly performed the acts that are now attributed to the K.K.K's. Nov. 10 There have been several cases reported in this Office since the election in which the colored people have been discharged by their employers without receiving their stipulated wages. The most difficult cases are those where land was worked on shares and the crops are still in the possession of the proprietor of the land. When parties are willing to leave their differences to arbitration most cases are readily settled, but when it becomes necessary to institute proceedings at law, the cases are nearly hopeless.

11 Oliver Duke, Muscogee Co. states that he hired 60. acres of land of Samuel Bruce on which he raised a crop the present year, but on the night of the 7th. he had about 40 bushels of corn & two hogs stolen from his premises. Put him in communication with the Marshal of this city.

14 Catharine Maddaux of Chatt. Co. wants a child now in the possession of Mr. Edmund Jackson of Stewart. She represents that Mr. J. had two of her children, but the older ran away from him and came to her last summer. Suggested to her that such might be the shortest way for her to come in possession of the remaining child. There are a great many parents claiming children, but on account of the determination of persons who have them in possession in Counties below this, most of the parents will not get them.

1868
Nov. 30. early in the season, Sept. & Oct, the Agent of the Bureau endeavored to incite the colored people of his district to establish schools in the county. A colored man in the north part of Muscogee Co. commenced one with fifteen children, but at the suggestion of some older persons, suspended it until after the election in Nov. on account of the political excitement. The school is still suspended. There were good reasons to believe that two other schools in the eastern part of the Co. would be commenced in October, the teachers were ready & expressed their willingness to commence. Nothing further has been heard from them. There appears to be a general apathy in the county in regard to schools, both among whites & blacks. There is not, nor has there been, a school in Chattahoochee Co. for colored children.

Marion Co. had a school last spring, but I am not aware of any there now. I have been unable to hear from any one interested in Schools in Mc. Co., although I have often written to different parties.

Rev: J. H.
La Grange Ga:
Dear Sir:

Yours of 25th inst rec'd. You will hardly need me at La Grange at present. It is not possible to buy Brownwood Sch as I said we will pay a reasonable rent for it any place when a School can be kept up. provided it shall in no way conflict with the other Schools.

I hope your Bills will reach Col Lewis before he leave Atlanta and that his reply will aid you in this matter. He will be absent about two weeks. If you can secure an average attendance of 40 or less — I will be responsible for rent and pay it promptly. Also aid from Peabody fund of 25 cents each scholar — in addition will furnish books

free of cost.

I shall be pleased to hear from you further in regard to this School.

Sir:

I have the honor to report in obedience to order from Office Asst. Comr: I proceeded to La Grange and conferred with Rev. J. H. George organizing & establishing another freedmen school at that point.

My previous letter to him explaining aid this Bureau could furnish the conditions &c. were fully sustained by instructions from your Office of 27th ult.

I advised the formation of a school board after plan proposed by the Georgia Educational Association of which you are President.

I was thought best to await the arrival of Bishop Beckwith before taking active steps, presuming upon the weight of his influence & more favorably present this subject to the people. He is expected to remain from Thursday 18th inst. until Monday following. Unless otherwise directed I shall be present sometime during his stay and respectfully request to be furnished with copies of the "Address of the State Board of Education" June 1867.

Sir:

I have the honor to report: at Whitesville nothing is done toward the alteration of dwelling house for School purposes. I was at that place on a stormy day and the School numbered 51. some coming four (4) miles.

I respectfully recommend that some one like Mr Foster be sent there immediately. The house has been used and is now occupied by two colored preachers and their attendants: indeed it has been a sort of hospital for that class, and while it might not be for the best interests of the School to turn these people out at once they ought to be put under a responsible teacher. Empowered by an order from Headquarters in the building.

I have the honor to report that Rev. Henry Stathe Jr (Colored) has a school of thirty pupils at La Grange. I wish to know if the Bureau can aid him by paying rent of his School room — $6.00 per month, and if Peabody Fund will be granted?

Statement of Hospital Fund Freedmens Hospital for Month of March 1867. The Abstract dated March 12th 1867 and signed by me this day (May 25th 67) This is the second abstract I have signed for March drawing. The A.C.S. Chas E. Moore informed me that he had made an error in the first abstract and that the Ration Return for March was lost, which caused to make for him a new Ration Return.

Dear Sir

I rec'd a circular, requiring Officers and Agts. in this Dept to furnish - you as Chairman of Committee of Freedmens Affairs such facts as are known to them to exist showing necessity for continuation of Freedmens Bureau.

As a Southern man my opinion is - at present it would be a great injustice to the Freedpeople to withdraw from their protection the Freedmens Bureau. If there was no other objection Except the fact that as yet they cannot get justice in Civil Courts, it seems that this would be sufficient reason for continuation. I feel assured that there is not an Officer, or Agt in this Dept who would refuse to give testimony to this fact. The better Class of White people admit it. The tendency of Emancipation is to produce great prej=udice - which time only can overcome. With the bad Class of Whites who were formerly slave owner, It appears that it is the highest ambition of this Class to degrade their Employees or Wages due them. This they seek to do in various ways - If they fail in fixing this fraud in contract, they will make greater Exertion in Settlement, it being the duty of Agts to approve none but just contracts & to supervise - or approve Settlements between Parties when complaint is made. In short. to withdraw the benefits of Bureau at present would be to place many of them in a State of bondage worse than when they were under control of good masters

Sir,

I have the honor to submit statements in the case of Giles Drake Colrd vs R.J. Dawson White for your consideration and decision in the matter.

It seems from other evidence of parties having claims in this Office against Mr. Dawson, that he tries every means to evade paying Freedmen their just claims. Plaintiff offered to give two Dollars for the Harness and consider the matter settled, but Defendant refused to

except the terms, or pay any amount for the work performed.

I have the honor to request you to furnish me with the assistance of two or three Soldiers, (If not incompatible with the public service) to enable me to carry on the business pertaining to this Office

It seems from facts I have learned since my arrival here, that some parties are becoming very much incensed against this branch of the Government being established in this City. Last night, some parties unknown to me, came to my Door, about 1 Oclock and attempted to arouse me up to open, I suppose for the purpose of assassinating me or commiting some other unlawfull act, as I ascertained from the expression they made use of among themselves, to the effect that they intended to treat me as the Ku Klux did Mr. Ashburn.

I enclose herewith an anonymous communication addressed to D.A. Newsom, agent, in order to show the evil intentions of some Lawless beings in this City

Sir:

I have the honor to make the following Report. Complaint was entered at this Office by Jim Pope, Sampson Jackson, and George Strickland, Colored, of Green County against Wm Hester, Ed. Gordan, Pope Davis, Bud Davis, White, and Richard Ford, Colored, of Clark county for coming to Plaintiffs Place and arresting them without authority of Law for the alleged offence of killing Eight or nine hogs. Jim Pope being the reputed principal in the affair. Defendants inflicted as punishment of from Forty to Fifty Lashes upon the person of said Jim Pope, and a few Days after the Defendant procured a warrant from some Justice of the Peace and required Plaintiffs to give bonds to the Amt. of five hundred Dollars for their appearance at the Sept. Term of the Superior Court of Green County which bond was withdrawn after Defendants ascertained that Plaintiffs intended to make complaint in the Office Bureau R.F. & A.L.. Plaintiffs are prepared to prove that the hogs for which they were punished, returned a few days after.

On the 10th Day of June I sent a summons to each of the Defendants to appear at this Office June 18th, and upon ascertaining from the bearers of the summonses that the envelopes contained Summonses from the Bureau, they commenced abusing said bearers, and told them to take the letters back and tell the Agent to stick them up his ———.

Complaint was also made by Columbus Davis, colored, against Ed Gordan, one of the Defendants in the above case, for stating him, in the Month of Feb. 1868, by which he is permanently injured. The Difficulty occured by Ed Gordan attempting to take Plaintiffs Cow without just cause or Authority of Law.

Plaintiffs stated that they are afraid to appeal to the civil Officers for redress as they cannot get Justice.

Not having the power to compell the attendence of the Defendants I therefore respectfully request the instructions of the Asst. Genl. Com. as to the action I shall take in the Matter. I am Very Respectfully your Obt. Sevt.

Average wages paid: one half the Crop and find themselves or one fourth - same persons by employer

Average of Women or monthly pay from forty to Fifty dollars for the former and from four to seven dollars for the latter men and women in the case of house Servants or women.

General treatment of freed people in their counties Talliaferro Green and Morgan is not very good. it seems that a large portion of the farmers especially the white use every means in their power to defraud the colored people out of their just dues either by charging them with more than they actually receive or by charging them exorbitant prices for what they are compelled to buy from their employers. Their general conduct of freed people towards their employers is very good except where they have been defrauded out of their dues as above Stated when in some instances they are compelled to steal what they actually need for their sustinance. Their acts on the act on the freedmen are very few

very week since the Military has been withdrawn from controling such matters

In some instances the hand are treated in such a manner that they are compelled to leave their situations with the loss of everything save what they have on their back.

I am afraid, in fact I am certain that if the Legislature does not pass some law protecting the Freedpeople in their right to the fruits of their labor, a great many will soon be worse off than in the days of bondage. In the matter of contracts and Depts, either the Agent B.R.F. & A.L. or some person who sympathize with the Colored race, should have absolute control, and whose decision should be final and no appeal allowed except to Asst. Sir,

The last time I was in Madison I endeavored to get the white people at Sugar Creek to sell an unoccupied Church to the colored people, but from a letter of Mrs Hayes it seems that they are Determined to let it "rot before they will sell it to the negroes"

Mrs. Keyser has a plantation Leased for ten years, and offers to build a small school house on his place, provided such a course, upon these conditions would be satisfactory to you, and you would assist the colored people to pay. The probable cost would be about $150.00/100, and the colored people are willing to obligate themselves to pay $100.00/100.

I therefore have the honor to request you to inform me as early as practicable the Amt. you would be able to give toward paying for the building. The colored people of this Section of the State are very poor, and are hardly able to procure sufficient food and clothing for their families, in consequence of the advantage taken of their ignorance by unprincipled parties and the advantages given those parties by the odious Homestead act.

Sir,

I have the honor to enclose herewith affidavit of Betsy Hurtz Colored, which will speak for itself. I would state that from information received from some of the most reliable citizen of this County, her statement in the main, is correct and, and that is no chance of punishing those violaters of law unless the Military take it in hand as the newly appointed civil Officers are overawed by these Ku Klux or outlawed organizations

the Ku Klux, or a similar name proceeded to the house of Adam Hunt colored on the night of Oct. 28th, and took him from thence, about one hundred yards and beat him in such a manner that his life is despair, and frightened a certain Woman, by the name of Sarah Hunt, in such a manner that she is expected to have a miscarriage and probably came her death. I have the honor, as a representative of the United States Goverment, to request you to order the Sheriff of this County with a sufficient number of deputies to proceed to the plantation of Joel Hunt about five miles north of Penfield, for the purpose of investigating this matter, and bringing there violaters of Law (if found) to Justice.

Sir:

I have the honor to report that, after appealing to Judge R.B. Robinson to have the case of Betsy Hunt colored, (as stated in her affidavit and my letter of the 31st Ult.) investigated, and he replying to the effect, that he could not unless the parties could be identified, I proceeded, in person to the plantation of Joel Hunt Esq. and found that the statement of Betsy Hunt in relation to the beating of her husband Adam Hunt was correct. I then proceeded to the plantation of Wm Brinkley Esq. and found that the same party had visited his place and took Felix Wm Wharton colored, out of his house

and upon his endeavoring to escape, was shot by one of the party, the ball penetrating the side and lodged in the ankle of the left foot, injuring him probably for life. They then proceeded to the house of a colored woman near Penfield and after throwing down her house set fire to and burnt it. The parties suspected of being connected with this affair are John Foster, Thomas Arter, Geo W. Mazey, James Harris & Rabe Sanders all of this County. Judge Robinson was requested to reply to my appeal in writing but declined doing so, but said he would lay the matter before the grand jury which assembles in the last week of this month.

All of which is respectfully submitted for your consideration

Sir.

As chairman of the Inferior Court of Green County I respectfully report— That under the old Constitution the Court were the Guardians of the Poor, and made annual provision for their support by assessing and collecting a Tax for that purpose. The New Constitution, which was adopted before the time for the annual assessment of County Taxes— Abolishes the Court, and assigns its duties to the Ordinary of the County.

The Court have therefore not felt at liberty to proceed to the collection of the usual Tax for that purpose, and Respectfully report an empty Treasury and no provision for replenishing it

Yours
enclosing order relieving me as Bureau
Agt for this County was recd yesterday.

I cannot say that I was surprised as the
requirements of Law must be complied with=
those in Authority know their duty and I
submit cheerfully. I do so mainly, because
my intercourse, both officially & Socially,
has been very pleasant & harmonious.

As before stated to them, I accepted
my commission, with a full knowledge
of the responsibilities of the position, and
with a full determination to discharge
its duties honestly & faithfully. My conse-
quents the approval of my conscience —
If I have committed errors, (& why do
not?) they came from the head & not the heart.

Accept my very kindest (regards) for your
expressions of good will & wishes —

The first lot of Provisions Recd
has been all distributed. I sent you
my report for may containing the receipts
& for 29 rations — for 1120 lbs corn & 161
lbs meat. The balance 1232 lbs of corn &
173 lbs meat I distributed into 29 shares
being satisfied that more relief could
be afforded in that way than by issuing
full rations. This completes the first
Shipment of 42 Bus Corn & 3336 Bacon —
The last lot of 54 Sacks Corn

NARA 711

and 109466s Bacon has not been interrupted at all - Q& have turned over This to the Inferior Court & Enclose Their receipts which also contains the 22 Empty Sacks which were distributed - They will be soon forwarded by Their Agt to you at Crawfordville -

The last 29 rations issued were to 17 Colrd Adults & 2 white Ditto -

Your message to R. R. Agt delivered - There is due him $2.50 for drayage to Kelles McCoy (Colrd), which please get for him - And if you can get any pay for my labor, do so and the favor will be duly appreciated, for I have certainly earned it -

As directed in order 97 I send by Express all papers & records in my possession -

I made a contract with a lot of freedmen on my plantation for 1867, which was witnessed by our Ordinary - I have retained that and ~~have~~ without any approval as Genl Martin told me in Augusta no copies or approval was necessary - What had I best do about it?

I would like very much to meet you at Depot as requested, but as the hour is so unreasonable (3½ o'clk A M) & the cars only stopping a few minutes, an interview would amt to nought. Why cannot you stop at that hour & remain our hour 'til 11½ o'clk

NARA 712

P. M. of same day. It would be gratifying to me to have you & so. if consistent with your pleasure & business — If you will go to Stotel and I will meet you there after breakfast and you shall be entertained to the best of my ability —

In the package of Orders & Papers sent: there may be some useless. If so you distribute them right clearing out such — I send the package by Express —

Again, I'm more accept my thanks for kindness exhibited and rest assured it will cheerfully reciprocated, when an opportunity offers.

Yours very Respectfully

There are some Black boys and girls, who are bound to their old Master, by Bible authority, since freedom and they are treated as Slaves, as I understand. They were bound out by the consent of one of their relatives. These boys and girls are able to earn perhaps a dollar per day each, their friend and father reminds them of their old Master, they are treated as Slaves, and were bound by force, to suit the convenience of their old Master. The Agents of the Bureau, here never give any justice or comfort to the freedmen, and it is no use for them to apply to the Agents, who are Southern raised, Will you release these boys and girls, and let their relations take charge of them. The old Masters name is S. Derden, Bay Town, Ga. If you will be so kind as to write to this room, and order their release, your favor will be gratefully received. You can direct any order to me and I will see that it be attended to. The colored people here look to this Bureau for help, and I have as much trouble as the Agents who receive the pay. Col- J. E. Bryant Editor of the Loyal Georgian, who was Agent at Augusta, you will see refers the old freedman to me, for assistance. So if you will give me the agency of the Bureau, here, you will please every freedman, in the Co.

Mr W. B. Moore:

Your communication came to hand safely as also the package of money - My time has been so much engaged with the Distribution & my Court business that it was impossible to send my report earlier which I regret -

The Amts returned as near the required amts as I can get them as there is so much loss in distributing such an amount of corn & meat - There is a small amt of Bacon left which I tried my utmost to get off, but could not sell any one from the County - I can give it to those who need but a small allowance at the beginning of the month; if you do not order it otherwise - Some who need my meat at first I have given to during the Early part of the month - in fact I have tried to exercise sound discretion in my distribution -

The School reports were made out as soon as I reed them and done just as they were to Mr Chenault - I suppose that the teachers being accustomed to their duty made them out properly -

One of them has gone North - & another has left the County for a time,

NARA 749

and I do not see how you are now to get them. No report was made for July I presume as the Schools have Vacation. Besides I used all the blanks sent to me in June report —

Any assistance I can give you will be chearfully rendered —

The case pirtended me for investigation I find as follows —

Names	Ages	Condition
Col. Wyatt (col'd)	55 yrs	Blind partially
Lucia " (wife)	45 "	Very Sickly
Amanda (child)	10 "	
Mariah (")	7½ "	

Mrs True, who reports the case is willing to take care of Amanda — The other, Mariah, I think should go with her parents — The blindness of Col may be remedied — His wife is not worth — Lucy fed any where — In short Mrs True has been very kind to the family & I think deserves credit & should, if consistent with orders, be relieved from his burden — I am sure you can safely comply with request —

The case sent me to Col Isham Lewis, I have talked with & will give you the facts tomorrow,

NARA 750

As it is near time for Mail to close I can't do so Satisfactorily now—

Again allow me to return you my thanks for your efforts to obtain pay for my Services—

Wm H B. Moore. Esq.

As promised in my last communication. I proceed to give you the facts in the case of Richd Campbell (cold) & Morgan vs Colm E. Finks & Green — We organized & summoned all parties with witnesses and examined into the facts, and reports as follows —

Flora Campbell cold of this place lived her daughter Eliza, to Wm Finks some time during the year — Richd Campbell (cold) an old Yellow Servant of Flora, at her request obtained a mule from his Employer, and in a small wagon took her own to Wm Finks to visit her daughter — On the way their wagon gave out and Richd C. at Flora's request goes to Wm Finks to get his Buggy to go home in — On asking for it nothing was said as to time, he Finks remarking that Richd C. could get his buggy — Some little conversation passed from which Finks learns that he notified Richd C. that if he carried off his buggy he would charge him (R. Richd C) $5.00 pr day. To this I attached but little importance

NARA 753

as if he, Spinks, did not wish Rich^d to have the buggy, he certainly could have stopped him at any time. Be that as it may, Richd C. & Flora start home in the Buggy, which also on the way homeward breaks down - This was on Saturday. Richd C. gets the buggy to this place and has it repaired and carries it back to Spinks on the next day mrk, keeping it just Eight days - On his arrival Spinks claims 20^{00} hire for the buggy. Richd C. says he did not detain the buggy at an earlier date than the eight days for two reasons: 1st he could not have it repaired at once - & Second because he (Richd C.) not wishing to loose time in work days and Mr. ? having told him he very seldom used the buggy, thought it not improper to keep it -

When the Buggy was carried back Mr Spinks claiming the 20^{00} him & Rich^d C refusing to acknowledge any debt & to pay, he, Spinks, takes possession of the Mule and puts it in his lot with a attachment to Richd C. that he should detain the Mule & charge for its feed until the 20^{00} was paid - Rich^d C not wishing to loose the use of the Mule pays his match & redeems the Mule.

Court here a point of issue is made - Richd C. contending that he pawned the watch for the Mule, that he might use it in his crop & Sparks contending that it was pawned for the debt - which debt the negro never acknowledged -

There was much testimony on the part of Defendant Sparks, pro & con. Richd C. being his own witness.

Another point presents itself upon which I call your attention Sir - Did what passed on obtaining the Buggy, under Law, allow Sparks to charge for its use? -

After the affair Richd C. comes over to see me & enters his complaint - Not being authorised & refused to act on the case as Counsel. I stated to him that the only remedy I could afford was in any especially as Judge of the County Court, which was tedious & expensive and advised him to confer with you -

A few days afterwards he meets Mr Sparks as he (S) was going home with a Mr Wm Hester, a mile or so out of town. They had a conversation about his, (Rich^d) making a complaint against him and asked him to state

NARA 755

Misquitoes

in the presence of Wm Steele what was said at his (S) house about this matter Spinks & Steele his witness both testifying that he (Rich[d]) confessed voluntarily that he promised to pay the Money & did Jaron his match for that & not the Mule - Rich[d] C. on the contrary saying that he did say so, but it was forced through fear and in order to get away from them. Spinks had two pistols & a flask of whiskey - Did not use the pistols in any way - Handed the flask to Steele and proposed to Rich[d] C to give him a fair chance as a man to fight him - (Rich[d] C) testified he was frightened and called for a friend living a few rods off to come to his help - At this period Spinks & Steele testified alike with Rich[d] C's evidence against as pretty much as (I have stated. Rich[d] C further says that Spinks told him if he ever caught him in the road he intended to kill him or something to that effect.

After this Rich[d] C. again comes to me, and Flora being in Employ of Col Shane Farrin, brings Col F. Upon consulting of the possession warrant, Col F, at the solicitation of Rich[d] C. made upon the

Wm W. B. Moore. Agt Bureau R. F & A Lands,

Dr Sir.

The Ordr of the Inferior Court of Morgan County respectfully petitions that one Columbus Baldwin (Col'd) aged about 45 or 50 yrs, be granted admittance to the Govt Hospital at Augusta Ga.

Said Columbus was badly frost-bitten on his feet during the past Winter from exposure, while rambling about. He was taken in charge by the Court and efforts were made to cure him, preparatory to his earning a support. He Shunned & Shamefully rejected all those efforts by running away from the Poor-House, to which place he was sent by this Court.

In his present condition. he has become a nuisance to the Community & it is impossible to benefit him in his afflictions, because he will not.

The Court feeling & believing his admittance to the Hospital would greatly conduce to his being cured (they being well prepared to treat his case) induces us to make the Application. The Court honestly believe he is a fit Subject, & would be willing to defray all expense incident

NARA 821

From this place to Augusta -
The Court would State, in addition,
that no Col^d person in this County will
be allowed to suffer so far as this Body is
able to prevent suffering - All who have
disabled are cared for either at the County
Poor House or other places suitable: the
Court being compelled by the small accom-
modations there, often to put them at
places either in County or City.
Were the Court not satisfied that the Par-
ty would be ~~more~~ better cared for & be more
efficiently treated medicinally there than here,
this application would not have been
made - Any assistance rendered by yourself
or Sup^t Officers in your department will
be gratefully rec'd:

By order of the
Sup^r Court,
T. H. Andrews,
Dep^t Clk.

I Sent him his rations he had thereupon his person and returned them- giving no reason why- He was not hired to board himself- hired as all other hands- Road to board- I paid him- he refused as to take the rations-

If we owe him any thing it is for the 12 Days board= @ 30¢ per Day- $3,60- but I think when I offer to pay a man, and he gets the pay in his possession as Peter Mone did get the rations- I look upon it as pay in full- I will get the affidavit of the Backmen and send down assoon as I can-

Sir: In the absence of Col. McWhorter & any other agent of the Bureau in this County, I am requested ad interim to call your attention to the following case & to request that you will at once proceed & have the same adjusted =

You will perceive by the enclosed letter that one David S Phelps of the County of Morgan hired a Freedman — named Isaac James. a minor of Sallie James Freedwoman of this place. I am unable from his Papers to determine what the bargain was, but I have made out and herewith transmit her sworn affidavit in the case before me — which I do not doubt is true in every particular! He acknowledges having paid some on the claim, which you will also see, Sally James gives him credit for — and that he still owes the woman a balance — The boy was a stout able lad of the age of Twenty years and has since gone to the State of Mississippi he having become of age last year! —

You will have the kindness to attend to this matter at once and when the claim is paid remit the money by Express to Sally James to my care

Sir:

A supply of school and other blanks is forwarded to you by todays' mail. I desire again to impress upon you the importance of care and promptness in the making out and forwarding of School Reports of all kinds. Many errors occur in the adding up of the Dist. Sup. Reports which can be easily avoided but which delay my reports to a very annoying extent. Some agents report schools to be in part supported by this Bureau, if such is the case it should be distinctly stated and in what manner. The agent knows such to be the fact, this office has no official knowledge that in a single instance is the Bureau supporting a school in whole or in part within the limits of this subdistrict. Other agents report that all of their schools are supported in whole by freedmen yet in the remarks they state that such and such a school is supported at a certain

NARA 897

intent by the Am. Mus. Association, such mistakes are perfectly unpardonable and can only arise for a careless inattention to the plain and evident meaning of the printed blanks and the notes thereon

My superior officers require exactness and promptness in these matters and I regret that I find it so difficult to impress upon agents the importance of more care and attention

Sir

Yours of 31st ult is just received too late to answer with the report as I sent the Monthly report of our Sugar Creek School perhaps You have it before now. I think all questions are answered at least so far as I am able to answer correctly

In reply to your wishes I would say our School here is in a prosperous condition and Pupils hope been increasing in numbers rapidly as the report will show. We feel well pleased at the progress the children are making

The people Generally are awake to the Importance of having their children Educated. The only Hindrance to Prosperity here is their Extreme Poverty were I to Exact pay in advance or even at the end of Each month, We would have but few Scholars. But if we can keep the School in operation until the next crops are gathered I think we will get a part of the pay due for Teaching.

I have Some hopes of organiseing an Educational Assn and think in this way we may at least Supply the School with what books are needed.

No report from Madison as there has been no School there in March. You ask My opinion regarding the difficulty of keeping that School up. There are Several Causes. The Main one I think is the fact that Leading coloured men there will not work together harmoniously & for the general good of all, But I hope they have learned a useful lesson from the past & Maybe you will Soon hear a more favourable report from there

Sir:

Your School Report (Ed. Form No 4) has been received and forwarded to the Asst Comr. Its late arrival and the many communications I have received urging me to forward these papers at once are the only reasons I have not returned it to you for correction

I will take occasion to call your attention to some of the most prominent errors it contains You answer the question "Whole number of Refugee or Freedmen's Schools in the District" 4. Day 2 Night 0 Sabbath 3" Now if there are 2 day and 3 Sabbath schools the whole number is 5. - But in reply to the question "Location" &c you locate four. now if that is intended for all schools it should be five and if intended for Schools kept Open during the week then your first answer is incorrect. You report the number of teachers as 4 and give the post office address of 4

NARA 914

a moments reflection will convince you that such errors can be easily avoided and for that reason are very annoying. Questions Nos. 6 and 7 you do not answer at all.

Your second answer to No 6 is however full and explicit and is proof that the first answer is not omitted because you could not obtain the required information

Genl. Howard. Genl. Sibley and Supt Ware are unceasing in their requests and demands for correct and reliable information upon all matters connected with Freedmens schools and if I am unable to reach the facts they require through my agents, I shall be obliged, painful though it would be, to recommend such changes as will secure for me the hearty cooperation of my subordinates

Statement of Plaintiff

Mrs. Dawson (During the absence of her husband) sent for me and requested me to repair some harness. I asked her how much she would give, and she told me she would give $6.00. After the Harness was repaired some part of it broke and Mrs. Dawson sent for me to repair it. When I went there Mr. Dawson told me that he had nothing to do with the Harness and would not let me in the yard. I asked Mr. Bamwell to go with me to Mr. Dawson (as a third party) to effect upon some settlement, but said Bamwell refused to go saying he preferred having nothing to do with the matter. When I asked Mrs. Dawson for a settlement for the work Done, she told me that I should not look at it, neither would she pay me for the work Done. I applied to her for the money as soon as I ascertained that Mr. Dawson had returned from Augusta. (through my wife) That is I sent my wife to Mr. Dawson for the money.

Mrs. Dawson promised to pay Giles Drake $6.00 for repairing the Harness after it was finished. I was sent to Giles Drake's shop after the Harness. I was standing off about 10 or 12 yards when Mrs. Dawson said she would pay the $6.00 for the Harness after her husband came from Augusta.

She promised to give the $6.00 for the work before the work was done. I never heard Mrs Dawson express any Dissatisfaction in regard to the work Done on the Harness. I was working for Mrs Dawson at the time.

Dear Sir

While in Sparta on yesterday I received a letter from you stating that an account against me had been sent to you by Henry Mapp Cola also one in favor of James Huggins Cold, and requested my early attention.

In regard to Henry Mapp I do not know such an individual, never had one in my Employ by that name. There is another L. S. Jackson and several Jacksons in this County which may account for the mistake.

And in refference to Jim Huggins I will say that during the Spring of last year the said Jim Huggins was in the Greensboro Jail. with a fine of Twenty five dollars for Stealing. and begged me to take him out and pay the fine. and in consideration for this favor. he would work for me faithfully the ballance of the year. I paid the amount and got him out of Jail. and carried him home with me. He worked for me until just before I laid by my Crop

and at a Time I most needed his services he left me. I had paid him all that I owed him except Ten dollars which I refused to pay as he had violated his contract, which can be proven by both White and Black,

I live just on the line of this and Hancock County. and do all my business at this place and I prefer you would Transfer the claims to Cap Sullivan Agt B R F. Ala & N O. at this place. and I think that it would be more convenent for the other parties as one of them (Jim Huggins) lives at this place. but I do. not Know Henry Mapp. please let me hear from you on this subject.

I hope some conclusion will be reached as soon as possible about the teacher for whom I wrote on the 24th. She is a thorough Lady & fully competent to teach any where. She would like to go to work somewhere & we should like to send her to Greensboro if she is wanted. Please inform me soon, how much this person will do; whether she can get a good boarding place &c &c. I was writing to Mr. Hayes about this time you were there; and have made a proposition to him, which, if he accepts it, will render unnecessary any thing action. We are just hearing from Washington something which makes it quite uncertain what we can do in regard to paying teachers. I hope it turns soon. An order will soon be issued for you to expend
on that house, forty dollars. You are to make this
go as far as possible, and are not to expend
it at all unless enough is raised by the
people to put with it - and make the house
comfortable. I think if the people understand
this they will raise the necessary amount.

I hope this will be attended to as soon as
convenient, for that the school can be opened.
